

The Window & Door Guide

Why You Can Trust Pella

RATED #1 BY HOMEOWNERS FOR INNOVATION¹

Our drive to improve what we do and how we do it has earned us more than 150 patents on groundbreaking innovations. Like the patent-pending Integrated Rolscreen® retractable screen that appears automatically when you open the sash of your single- or double-hung window. And the revolutionary, patent-pending Easy-Slide Operator hardware for casement and awning windows allows you to simply slide to open, without the effort of cranking.

RATED #1 BY HOMEOWNERS FOR HIGHEST QUALITY¹

We sweat the details so you don't have to, delivering products created specifically for you. We tried to count the number of quality checks that we do in a typical hour, but we had to stop at 7,502 to get back to work. At Pella, just meeting requirements isn't enough. That's why we test beyond industry standards to ensure quality windows and doors that are built to last.

BACKED BY ONE OF THE STRONGEST LIMITED LIFETIME WARRANTIES

You can feel confident in your investment. We pride ourselves on providing exceptional quality, exceeding expectations and going beyond requirements. That's why we stand behind our windows and patio doors with a limited lifetime warranty.²

MOST PREFERRED WINDOW AND DOOR BRAND BY HOMEOWNERS¹

At Pella, we make beautifully designed products that you can be proud to own— but you don't have to take our word for it. Pella is the most preferred window and door brand by homeowners.¹

Select Your Ideal Material

Windows and Patio Doors

WOOD & CLAD-WOOD

Enjoy the beauty and warmth of natural wood, our most customizable designs and exceptional energy efficiency. Our innovative EnduraGuard® wood protection provides advanced protection against the effects of moisture – helping to provide years of performance.

FIBERGLASS

Windows and patio doors ready to handle virtually anything life throws at them. Pella's proprietary fiberglass material is the strongest material for windows and patio doors, engineered for lasting durability.* It's tested to withstand the most extreme heat and cold, damaging UV rays and conditions of seacoast environments.

VINYL

When you want low maintenance, energy efficiency and affordability, vinyl is the right choice. Our unique vinyl formula is tested for excellent weathering, durability and color retention. And multi-chambered frames and metal-reinforced interlocking sashes add strength.

Pella® Entry Doors

FIBERGLASS

Appreciate the warm, rich look of wood or a prefinished smooth panel with the low-maintenance benefits of fiberglass. These doors have dent-resistant panels and a rot-resistant frame.

STEEL

Create a lasting impression with Pella's steel entry doors. They provide a quality appearance to your home that's easy to maintain, while giving you extra durability.

¹ Study of homeowner perceptions of leading national brands. Study commissioned by Pella, 2021.

² See written limited warranties for complete details, including exceptions and limitations, at pella.com/warranty, or contact Pella Customer Service.

* Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.

Windows and Patio Doors
